MEMORANDUM FOR: Director of Development & Procurement, DPS/DCI

SUBJECT : Settlement of Contract No. SP-1913

REFERENCE : CHAL-0062 dated 5 May 1958

1. I am returning herewith my concurrence in Amendment No. 5 to Contract No. SP-1913. I feel that all concerned with this matter, notably yourself, deserve the highest commendation for the manner in which this contract was administered and settled.

2. Unless I am greatly misinformed, this is by far the largest single contract we have negotiated and administered through this office. As such, I am anxious that Colonel L. K. White (DD/S) be aware of the settlement of this contract. I do not want the action with the company to be delayed, not only because I believe in reasonable expedition but also because I have the full responsibility for this action and in no way desire my responsibility to be diluted by consultation with the DD/S in advance of the event. I suggest, therefore, that you proceed to execute the Amendment but that you draft a brief memorandum to be sent to Colonel White upon his return explaining that because of the size and importance of this contract I believe he should see the Negotiator's memorandum (SAPC-26694) so that he will be aware both of the specific circumstances of this case and of the general policy we are following with respect to contract settlement.

3. I am inclined to believe that Mr. Garrison should also have an opportunity to see the Negotiator's memorandum if Colonel White feels that it will be of interest to him. Accordingly, I suggest that your memorandum to Colonel White indicates my willingness to have this document sent to Mr. Garrison for information and comment.

4. Would you let me know if the above suggested procedure is to your liking.

(sgd) Richard M. Bissell, Jr.
